6: Does everyone make playoffs? We try to take as many teams as possible for playoffs. The number of teams is determined by the court space we have available, so each league is different. Playoff information is emailed to captains after the league play is completed. The email used to register the team is the email that will receive the information.

7: What are the levels of play? For tournaments, we have all levels from our popular and strong Open Level, to fundraisers that take all levels. For leagues, we have the levels divided into three different categories Advanced, Intermediate, and recreational. We try to make the leagues as competitive as possible, while having fun. What does this mean when registering your team?

Advanced: all players on the court are able to pass, serve, set, and attack at a high level.

Intermediate: all players on the court are able to pass, serve, set, and attack the ball at a level that still needs work but are able to do so while following the basic rules of volleyball.

Recreational: players are playing to enjoy themselves while not necessarily being overly competitive. Players need work on the basic skills of volleyball and are trying to learn to become better.

8: Where can I find out standings? Our website is easy to navigate, and you'll be able to see your scores after we enter them. If you have any questions you may email or FB message

9: Playoff Teams If you play on more than one team, you will have to decide which team is your playoff team. Players may play on only one team for playoffs. Teams are not allowed to bring in new subs for playoffs.

10: How many females needed on teams? Trappers requires at least one female on the court at all times.

11. Good Sportsmanship Conduct- if a higher level player is playing on a recreation level team, they will have to play as a team player – no jump serves allowed, no hard swings or passing ball over on first hit, and serves must be softer. Swearing is not tolerated, and good sportsmanship is emphasized.
